Getting help: I cannot provide mathematical help by e-mail. I will always be available in person during my office hours; outside of office hours an appointment is required. You can also bring questions to your tutorial session or visit the mathematics help centre in 412 Machray Hall. For other questions, please consult your syllabus sheet and my web page to see if your question is answered there before resorting to e-mailing me.

Tutorials:

You must be enrolled in and attend one of the following tutorial sections: B01, B02, B03 or B04. You must write your quiz in the tutorial section in which you are enrolled; otherwise, you receive a grade of zero on that quiz. I will not announce quizzes in class; it's up to you to keep track of the schedule. There are no deferred quizzes. The best 4 out of 5 count towards your final grade.

Quiz dates:

September 17th, October 1st, Oct 22nd, November 5th, November 26th
All quizzes are written during tutorials.
