

# POLICY ON PERSONAL ELECTRONIC DEVICES

- \* The use of cell-phones (for voice or text), personal music devices, cameras, and so on, is **PROHIBITED** in the lectures and tutorials (labs).
- \* Cell phones must be turned off, or set on “vibrate”. If you anticipate receiving an urgent call, sit somewhere where you can leave the lecture theatre without disrupting the class. Do NOT answer calls in class.
- \* I will insist that anyone violating this policy leave the room. Permission to return to subsequent lectures will be granted only after an interview.
- \* Permission to record lectures for **personal use only** will be granted. Apply to me in writing with your name and student ID number.
